ARTICLE III.

GENERAL PROVISIONS

Section 1. Duration. The covenants and restrictions of this declaration shall run with the land and bind the land, and shall inure to the benefit of and be enforceable by the association, its respective legal representatives, heirs, successors, and assigns, for a term of fifty (50) years from the date this declaration is recorded in the Public Records of Leon County, Florida, after which time said covenants shall be automatically extended for successive periods of ten (10) years unless an instrument signed by the then owners of two-thirds (2/3) of the sites has been recorded, agreeing to change said covenants and restrictions in whole or in part; provided, however, no such agreement to change shall be effective unless made and recorded two (2) years in advance of the effective date of such change, and unless notice of the proposed agreement is sent to every owner at least ninety (90) days in advance of any action taken.

Section 2. Enforcement. Enforcement of these covenants and restrictions shall be by any proceeding at law or in equity against any person or persons violating or attempting to violate any covenant or restriction, either to restrain violation or to recover damages, and against the land to enforce any lien created by these covenants; and failure by the association for any owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 3. Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no wise affect any other provision which shall remain in full force and effect.

ARTICLE IV.

AMENDMENT OF DECLARATION OF
COVENANTS AND RESTRICTIONS

Gearl O'Brien & Associates, Inc. reserves and shall have the sole right (a) to amend these covenants and restrictions for

the purpose of curing any ambiguity in or any inconsistency between the provisions contained herein, (b) to include in any contract or deed or other instrument hereafter made any additional covenants and restrictions applicable to the said land which do not lower standards of the covenants and restrictions herein contained, and (c) to release any building lots from any part of the covenants and restrictions which have been violated (including, without limiting the foregoing, violations of building restriction lines and provisions hereof relating thereto) if Gearl O'Brien & Associates, Inc., in its sole judgment, determines such violation to be a minor or insubstantial violation.

ARTICLE V.

ADDITIONAL COVENANTS AND RESTRICTIONS

No property owner, without the prior written approval of Gearl O'Brien & Associates, Inc., may impose any additional covenants or restrictions on any part of the land described in Article I hereof.

ARTICLE VI.

ARCHITECTURAL CONTROL

No improvements, as defined herein, shall be commenced, erected or maintained upon the properties nor shall any exterior addition to or change or alteration therein be made until the plans and specifications showing the nature, kind, shape, height, materials, and location of the same shall have been submitted in duplicate to and approved in writing as to the harmony of external design and location in relation to surrounding structures and topography by an architectural control committee. The architectural control committee shall have the absolute and exclusive right to refuse to approve any such building plans and specifications and site gradings and landscaping plans which are not suitable or desirable in its opinion for any reason, including purely aesthetic reasons connected with future development plans of Gearl O'Brien & Associates, Inc. of said lands or contiguous lands.

ARTICLE VII.

ARCHITECTURAL CONTROL COMMITTEE

Membership. The architectural control committee is composed of Gearl O'Brien, Linda K. O'Brien and a third party to be appointed by the association. A majority of the committee may designate a representative to act for it. Neither the members of the committee nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant.

Procedure. The committee's approval, disapproval, or waiver as required in these covenants shall be in writing. In the event the committee, or its designated representative, fails to approve or disapprove within thirty (30) days after plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with. At least ten (10) days prior to the commencement of construction, such plans and specifications shall be submitted to the committee and shall consist of not less than the following: foundation plans, floor plans of all floors, section details, elevation drawings of all exterior walls, roof plan and plot plan showing location and orientation of all buildings and other structures and improvements proposed to be constructed on the building plot, with all building restriction lines shown. In addition, there shall be submitted to the architectural control committee for approval a description of the materials proposed to be used.

When the construction of any building is once begun, work thereon shall be prosecuted diligently and continuously until the full completion thereof. The main residence and attached structures shown on the plans and specifications approved by the committee must be completed in accordance with said plans and specifications upon each building lot unless such completion is rendered impossible as the direct result of strikes, fires, national emergencies or natural calamities.

ARTICLE IX.

TEMPORARY STRUCTURES

No structure of a temporary character, basement, tent, shack, garage, barn or other outbuilding of any type shall be located on any site at any time, except during approved construction.

No driveway shall have a width greater than fourteen (14) feet nor narrower than eight (8) feet, exclusive of turn around pad.

(d) Except as otherwise provided herein, no fence of any kind shall be placed or constructed nearer to the front property line than the building setback line or the front corner of the residence, whichever is greater. No fence shall be located nearer than two (2) inches to an interior property line nor exceed a height of six (6) feet.
