Section 4. "Declarant" shall mean and refer to GEORGE C. PARKER, INC., a Florida corporation, its successors and assigns if such successors or assigns should acquire more than one undeveloped lot from the Declarant for the purpose of development.

ARTICLE II

Architectural Control

No building, fence, wall or other structure shall be commenced, erected or maintained upon the properties, nor shall any exterior addition to or change or alteration therein be made until the plans and specifications showing the nature, kind, shape, height, materials, and location of the same shall have been submitted to and approved in writing as to harmony of the external design and location in relation to surrounding structures and topography by the Declarant, its successors or assigns, or by an architectural control committee composed of three (3) or more representatives appointed by the Declarant, its successors or assigns, or its designated committee fails to approve or disapprove such design and location within thirty (30) days after said plans and specifications have been submitted to it, approval will not be required and this Article will be deemed to have been fully complied with.

ARTICLE III

General Provisions

Section 1. Enforcement. The Declarant, or any Owner, shall have the right to enforce, by any proceeding at law or in equity, all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of this Declaration. Failure by the Declarant or by any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 2. Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no wise affect any other provisions which shall remain in full force and effect.

Section 3. Amendment. The covenants and restrictions of this Declaration shall run with and bind the land, for a term of twenty (20) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of ten (10) years. This Declaration may be amended during the first twenty (20) year period by an instrument signed by not less than ninety per cent (90%) of the Lot Owners, and thereafter by an instrument signed by no less than seventy-five percent (75%) of the Lot Owners. Any amendment must be recorded.

ARTICLE IV

Dwelling Quantity and Size

The ground floor area of the main structure, exclusive of one-story porches, garages, carports, and patios shall not be less than 1,000 square feet. In the event a structure in the aforementioned unit contains more than one story, the total floor area shall not be less than 1,200 square feet. The ground floor must contain not less than 800 square feet and must be completely finished as living area, and at least 400 square feet of the second floor area must be completely finished as living area.

ARTICLE V

Building Location

(a) In any event, no building shall be located on any lot nearer than 25 feet to the front lot line, or nearer than 20 feet to any side street line.

(b) No building shall be located nearer than 7-1/2 feet to an interior lot line and must be at least 15 feet from an existing adjacent house. No dwelling shall be located on any interior lot nearer than 25 feet to the rear lot line.

(c) No driveway shall be located nearer than 5 feet to an interior lot line except a back-up turn-around pad may be located as near as one foot to a property line.

(d) Where it is necessary to save or protect existing trees, exception to these set back requirements may be made in writing by the Architectural Control Committee.

(e) Except as otherwise provided herein, no fence of any kind shall be placed or constructed nearer to the front property line than the building set-back line or the front corner of the residence, whichever is greater. No fence shall be located nearer than two inches to an interior lot line.

(f) For the purposes of this Covenant, eaves and steps shall not be considered as a part of a building, provided, however, that this shall not be construed to permit any portion of a building to encroach upon another lot.

ARTICLE VI

Garages and Carports

Each living unit shall have a functional carport or garage attached to the residence which shall be screened on sides which are visible from the street, which runs in front of the property, in such a manner that objects located within the carport shall present a broken and obscured view from the outside thereof. In no instance shall the entrance be permitted to face the front lot line of the property unless the garage is enclosed and equipped with doors, or unless approved by the Architectural Control Committee.

ARTICLE VII

Driveway and Walkway Construction

All driveways shall be constructed of concrete or "hot mix" asphalt and have a minimum width of eight (8) feet. Where curbs are required to be broken for driveway entrances, the curb shall be repaired in a neat and orderly fashion and in such a way to be acceptable to the Architectural Control Committee.

ARTICLE VIII

Utility Connections and Television Antennas

All house connections for all utilities including, but not limited to water, sewage, electricity, telephone and television

shall run underground from the proper connecting points to the dwelling structure in such manner to be acceptable to the governing utility authority. Installation in a manner other than as prescribed herein will not be permitted except upon written approval of the Architectural Control Committee.

Exterior radio and television antenna installations must be approved in writing by the Architectural Control Committee.

ARTICLE IX

Garbage and Refuse Disposal

No lot shall be used, maintained, or allowed to become a dumping ground for scraps, litter, leaves, limbs, or rubbish. Trash, garbage or other waste shall not be allowed to accumulate on the property and shall not be kept except in sanitary containers which shall be screened on sides which are visible from the street and installed in such a manner to be acceptable to the Architectural Control Committee. All equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition.

ARTICLE X

Window Air-Conditioning Units

No window air-conditioning units shall be installed in the front of the residence, and no exterior heating and/or air-conditioning compressors or other machinery shall be located to the front of the residence.

ARTICLE XI

Easements

Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each lot

and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible.

The Developer reserves unto itself, its successors and assigns, an easement and right on, over and under the ground to erect, maintain and use electric and telephone poles, wires, cables, conduits, sewers, water mains and other suitable equipment, gas, sewers, water or other public conveniences or utilities on, in or over five (5) feet along one (1) side of each lot and such other areas as are shown on the applicable plat, provided further, that the Developer may cut drainways for surface water wherever and whenever such action may be necessary in order to maintain reasonable standards of health, safety and appearance, or to meet governmental requirements. These easements and rights expressly include the right to cut any trees, bushes or shrubbery, make any gradings of the soil, or to take any other similar action reasonably necessary to provide economical and safe utility installation and to maintain reasonable standards of health, safety and appearance. Such rights may be exercised by any licensee of the Company, but this reservation shall not be considered an obligation of the Company, to provide or maintain any such utility or service.

ARTICLE XII

Oil and Mining Operations

No oil drilling, oil development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, or maintained for any commercial purpose.

ARTICLE XIII

Use and Purpose

The above restrictions are for the purpose and use of residential only, RESERVING, HOWEVER, the right to construct a model home to be used as an office and/or sales center on any lot, providing, however, that at any one time there shall be no more than one lot used for such purpose and such reservation shall be permitted only for a period of 3 years from the date hereof.

IN WITNESS WHEREOF, said corporation has caused this instrument to be signed in its name by its President and its corporate seal to be hereunto affixed this 22nd day of MAY, 1981.
